IX. Approval of Academic Standards

Brodhead School District's grade level and subject area curriculum is aligned to the Wisconsin Model Academic Standards and the Common Core State Standards. Wisconsin Academic Standards identify what students should know and be able to do in the classroom for each content area. The Common Core State Standards outline what students need to know and be able to do in English/Language Arts (K-5 and 6-12), Mathematics (K-12), Literacy in History/Social Studies (6-12), Literacy in Science (6-12), and Literacy in Technical Subjects (6-12). Standards are used as the foundation for teaching and learning. Educators identify and communicate specific goals for daily instruction. These goals are learning targets that highlight essential skills and concepts.

X. Accept Bread & Milk Bids for 2023-24

As has been the case for several years now, there seems to be little (and declining) interest among the vendors. The District received one milk bid and one bread bid.

The bread bid is from the District's current vendor [Pan-O-Gold] and they were satisfied with their service as well and recommend continuing with this vendor.

The milk bid is also from the District's current vendor Prairie Farms [Swiss Valley] and they were satisfied with their service and recommend continuing with this vendor.
